

QUIZ BOWL PRACTICE SYSTEM

The ESU #11's Electronic Lockout System, which is to be used by teams at the Academic Quiz Bowl, will be made available to all schools interested in participating in the bowl for the purpose of becoming familiar with the system prior to competition. The Lockout System will be loaned out to schools wishing to borrow it. The System will be scheduled on a first come, first served basis. Contact Tim Burke or Danita Geisinger to schedule a time for your school to use the practice system. Please monitor use of the system by students to prevent damage to the player boxes or internal wiring.
