## **WHAT IS THE SUMMER HONORS PROGRAM?**

The Summer Honors Program is an accelerated summer school sponsored by Educational Service Unit No. 11. It is designed to help rural Nebraska high school students study advanced subject matter with instructors who can take them beyond most rural high school curricula.

Students are selected for the program after being nominated by their high school teachers. The finalists are selected on the basis of performance on an exam or work samples.

Instructors for the program are selected on the basis of the caliber of program they can provide and the type of work they have done within the field of their expertise.

These students and instructors get together for a two-week summer school in order to learn from one another and work in the farther reaches of their chosen fields. They attempt to leave with a personal product meaningful to each of them.

# **OPTIONS FOR FREE TIME**

Students not having small group sessions will have free time and dinner hour. Some options for free time are:

**\*Dinner**

**\*Study - Middle School classrooms will be in quiet hour when the small groups are meeting--ONLY quiet talking in building.**

**\*Physical Exercise--Middle School gym will be open for volleyball or basketball when not in conflict with scheduled summer basketball and volleyball camps; the grounds around the Middle School may be used for frisbee, basketball, football, softball, jogging or other exercise. The YMCA is giving SHP students a discount group day rate of \$3.50 each. Let them know at the front desk that you are with SHP (Swimming Pool, Racquetball, Exercise Equipment, Basketball Court, Walking Track)**

**\*Holdrege Swimming Pool at the South City Park may be used.**

**\*Tennis Courts at 9th Ave. & Burlington and both the north and south city parks may be used.**

**\*Reading/Relaxation - Middle School Commons Area**

**PLEASE NOTE:** Times to return to homes must be considered approximate because some activities may run over time. However, every effort has been taken to accurately predict the correct completion times of the activities. Students should make every effort to be in their homes by the time indicated. Time has been allowed for students to do this. If students cannot be in their home on time, they must make every effort to communicate this to their house parents in advance. Please remember that students are guests in someone else's home. Staying there is a privilege, not a right.
